2nd September 2021

Dear Parents,

It has been delightful to welcome your children back to school this morning, and see their excitement for the new school year. We continue to be careful in our measures in school as we head back to a more normal school experience for our children. These measures were outlined in our letters sent home before the summer holiday and can be found on our school website too. We will continue to keep these under review and let you know of any changes along the way.

As you may know, the rules regarding testing and self-isolation periods have changed during August, and I have attached a helpful flowchart for you which outlines these.

If a child has one of the three symptoms of Covid, they will need to begin to self-isolate and have a PCR test to confirm this. If the test is negative, and they are well, they will be able to return to school.

Other children in the class will no longer have to self-isolate and neither will adults who have been double-jabbed.

If someone in your household has symptoms / tests positive, your child no longer needs to self-isolate and can come to school, but it would be advisable to get a PCR test for them too.

Please inform the school as soon as possible if you receive a positive test for your children. This can be done by emailing: office@priory.cambs.sch.uk or telephoning us and leaving a message.

Should we experience a rise in positive cases, the school will be working with the Local Authority and Public Health England and would begin to reintroduce measures to control this.

Should you have any questions about this, please do not hesitate to contact us.

Yours sincerely,

Tracy Keefe
