

Year 5

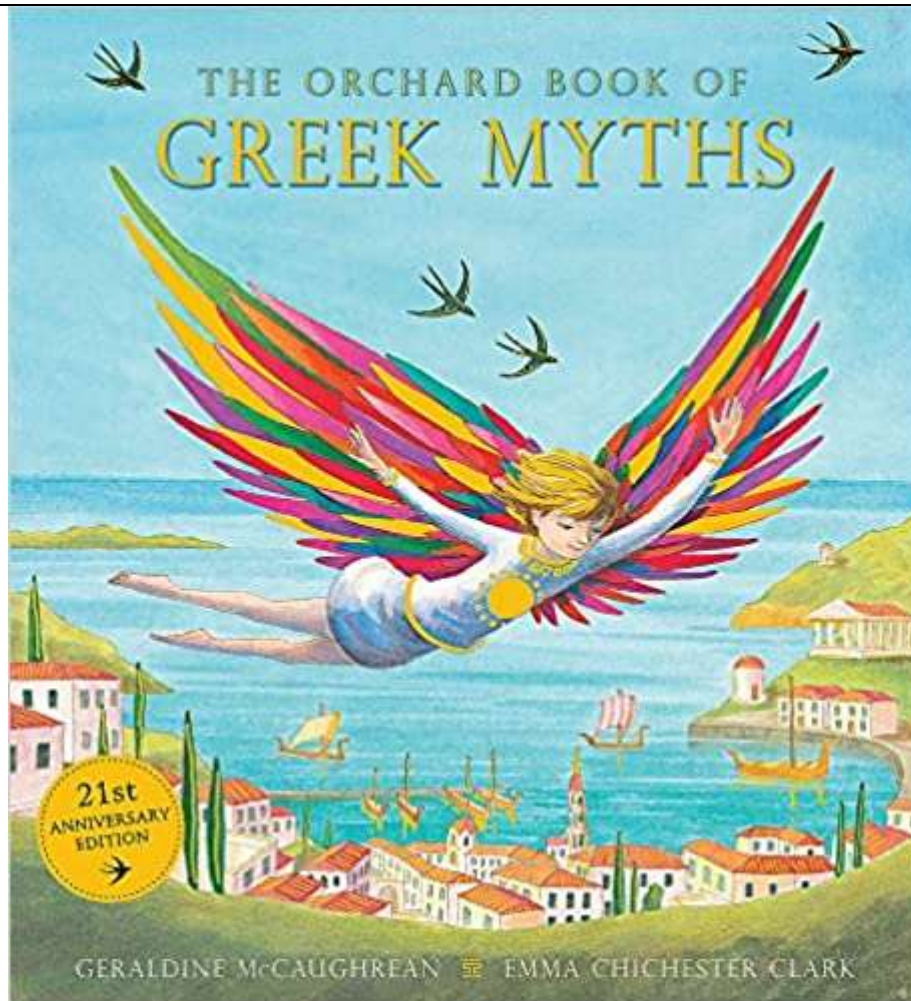

Ancient Greece

English		This half term the children will be looking at engaging and interesting Greek Myths. For instance, they will learn how Theseus slayed the Minotaur and other excellent stories. We will be writing our own Greek Myth based on Theseus and the Minotaur. Then, in keeping with the theatrical traditions of Ancient Greece, we will move on to writing a playscript based on Pandora's Box. Our guided reading will focus on a range of texts about Ancient Greek life and Greek myths.			
Maths		As we begin our journey into the year 5 maths curriculum, we will spend the weeks recalling and deepening our understanding of key year 4. We will be exploring place value including decimal numbers. We will also be familiarising ourselves with written methods and looking at larger numbers up to 7 digits. We will then move on to multiplication and division. Focussing on factors and multiples. We will be using procedural and conceptual variation to help become masters at mathematics and applying our knowledge to solve a range of problems.			
Science, Geography and History	Science Key Questions: What is gravity? What cupcake case makes the best parachute? What makes the fastest boat? How do I make it stop? Who are Newton and Galileo? Can a small force have a big effect?		History / Geography Ancient Greece Key Questions: Why was the Battle of Marathon important? Why were plays important? What was special about the Olympics? How has democracy influenced the western world today? What are the key physical features of Greece? What parts of the English language originate from Greece? What do artefacts tell us?		
	Art We are learning about the designs which Ancient Greeks painted on their pots, as well as sculpting our own Greek clay pot.	Technology We will be using knowledge of pulleys and gears to create a moving rocket.	Computing Processing and Presentation We will be using a range of programmes to persuade and inform people of a range of important issues	PE Outdoor Adventurous Activities and Pilates The children will be developing their listening and teamworking skills. They will also be learning about mindfulness and learning how to improve their core stability, strength and balance. TH5 will be swimming on Thursdays.	
PSHE Beginning and Belonging Children will be looking at creating a class charter and thinking about how they can work as a team.	RE Beliefs and Actions in the World What key beliefs influence people's faith and how do people of faith live out their lives?	Music In music we will be looking at the development of rock music!	Languages Children will begin by exploring phonics to support accurate pronunciation in French. Following this, children will begin the ice cream unit and explore how to order ice cream through speaking, listening, reading and writing activities.		
Learning Values	Aspiration To aspire to create a moving rocket using knowledge from across the curriculum.		Responsibility To take responsibility for our new classroom, environment and new routines.		Collaboration Working collaboratively to design and set up experiments involving forces, as well as creating a moving rocket through collaborative work.
	Perseverance To show determination when faced with difficult team building challenges.		Discovery Children following their own line of questioning when researching and reading about the Ancient Greeks.		Growth Mindset How can we use change to our advantage.

The Orchard Book of Greek Myths

By Geraldine McCoughrean

Featuring all of the best-known stories, including Theseus & the Minotaur, Heracles, Daedalus & Icarus, The Wooden Horse and Pandora's Box. Retold by master storyteller, Geraldine McCoughrean, with full colour artwork throughout, this is an essential for every child's bookshelf.
