******SPECIAL INTRODUCTORY OFFER******

4 week beginners course including free uniform for just £29.95!

We all know that to achieve anything in life, we have to be focused on the task at hand. Here at Fusion Martial Arts our unique children's Karate programme helps to develop this skill and teaches children the three rules of focus. Focus your eyes, Focus your mind and Focus your body. This is taught to be applied at school, at home and in whatever the children are doing, this then becomes second nature.

We don't just teach kicking and punching, we teach life skills!

To book your child's place please visit us online or call one of our team on **07548 333 500**.
